RHG COMPANY PROFILE

EXECUTIVE SUMMARY

Rock Hard Group is a Durban-based plumbing, civils, steel pipe fabrication and mechanical installation company. The company holding a "AAA level 2 BBBEE" contributor status. Our chosen niche is commercial projects, providing a full range of plumbing services including Construction, Plumbing, drainage and civil services as well as project management. We are committed to providing our customers with the highest quality of workmanship and service possible. The company's expert team has the capability to design and fit any custom component or accessory item that may be required to complete the job.

We have worked on several projects in the Kwa Zulu Natal and Eastern Cape area, and have the capacity to extend our workforce nationally utilising the most efficient facilities, processes, and people.

We believe that the primary focus of our business is the customer. We realize the importance of our customers and the value of retaining them.

The company has recognized the need to keep taking steps to develop a comprehensive infrastructure designed to make us not just a company with a safety policy, but a "safe company."

VISION

Rock Hard Group to be a provider of first class workmanship within the plumbing, civils, stormwater, steel pipe fabrication and mechanical industry with cost effective prices and innovative solutions.

MISSION

Our mission is to become the leading contractor nationally building water tight relationships within the commercial and Residential industry. We pursue profits – but never at the expense of quality, service or reputation.

COMPANY STRUCTURE

Rock Hard Group was founded in January, 2005. The company was founded by Mr & Mrs Brisset with principal offices located in Durban. Mrs Brisset is the Financial Manager and qualified Safety Officer with extensive work experience in the construction and plumbing maintenance industry. Mr Brisset is the Managing Director: Projects and a qualified plumber and has acquired a qualification as a Responsible Plumber & Project Manager (plumbers no 0714) for Ethekwini Municipality water services. His over 30 years' experience in the construction, plumbing, civils, stormwater, steel fabrication and mechanical industry has made him a leader in his field. He is assisted by a highly qualified management team and well trained staff. Rockhard Group structures its operations with distinct teams for construction and maintenance, each functioning independently.

SENIOR MANAGEMENT TEAM

Rock Hard Plumbers & Civils' management is highly experienced and qualified. Its key management team includes:

Mr Preston Brisset General Manager

Mrs Taryn Brisset Financial Director

Mr Ramon Botha: Construction Foreman

Mr Leletu Mtwa: Maintenance Foreman

Mrs Taryn Stork: Administration Manager

Mr Mekyle Emmanuel: Quantity Surveyor

Ms Siphwi Ngcobo: Junior Quantity Surveyor

Mr Samukelo Khanyile: Safety Officer

Constructions : General contractors primarily engaged in construction (including new work additions, alterations, remodelling, and repair) of commercial buildings and other commercial projects. This includes hotels, hospitals, schools, factories and offices, apartments, multi-family homes, stadiums, culverts and stormwater.

Maintenance : Residential homeowners, property managers, landlords, Insurance companies, and businesses that require reliable, ongoing plumbing support.

STRATEGY & COMMITMENT

The company's overall strategy is based on a continuous improvement processes and setting of objectives, measuring results, and providing feedback to facilitate further growth and progress. Rock Hard Group is committed to ensuring that products and services used are safe and approved by the Occupational Health and Safety Standards. The company delivers this by building on its core strengths, utilising innovative equipment, designing plumbing expertise and project and site management.

VALUE PROPOSITIONS

- Delivery of outstanding service with uncompromising ethics and integrity
- Best product, best prices, innovative solutions.
- Eliminate waste and reduce inefficiencies in order to provide maximum value to our clients.
- Building partnerships with our suppliers, retailers and colleagues based on fairness and trust.
- Ability to meet deadlines, project management with ease and build capacity with ease from a skilled base of resources
- Building communities through initiatives such labour intensive based projects, training and development

COMMUNITY BUILDING

The private or commercial sector exists primarily to create private capacity, not small business and community capacity. Since small business and community vitality often depends on the vitality of the business sector there is a close, but complex, connection.

ROCKHARD GROUP CC
REG: 2005/110351/23
VAT: 4790230116

RHG COMPANY PROFILE

Our Commitment - Help organize constructive responses to stresses that affect small business and community life. This is done by playing an active role in making communities more liveable and by outsourcing portions of our projects thereby stimulating skills among our small business partners and growing capacity in our non core business areas.

ORGANIZATION AND MANAGEMENT

The company's management philosophy is based on responsibility and mutual respect. Rock Hard Group maintains an environment and structure that encourages productivity and respect for customers and fellow employees. Our company is committed to Broad Based Black Empowerment and ensures a culture of mentorship and skills transfer to men and women alike.

Rock Hard Group employees and management are committed to:

- Supplying safe products for customers.
- Continuously improving the company's safety program to reduce the risk of accidents and occupational illness in a changing work environment.
- Encouraging employees to participate in accident prevention programs, and take personal responsibility for their, and their co-workers', health and safety.
- Employing properly trained personnel, equipment, and procedures necessary to enable regulatory compliance, and contribute to the high safety standards for our industry.
- Monitoring workplaces, enforcing safe work practices, and communicating the company's safety performance to employees and other stakeholders.
- Making safety a value-added service that the company provides to its customers.
- Providing a safe work environment to protect employees, the employees of customers and subcontractors, and the public.
